# How White Plains and the Library Benefit From Your Support

The Library Foundation was created to secure funding for programs and services not provided through the Library's operating budget from the City of White Plains. The **White Plains Library Foundation's Campaign for the Children's Library** contributed over \$750,000 for the finishing touches on a \$2 million space renovation by The City of White Plains. The result is a spectacular theatrical environment that continues to be the talk of the town, with still-soaring increases in use. Since October 2005, nearly 125,000 children and families have been wowed by Westchester's most imaginative children's library, **The Trove**.

Consider these remarkable results of the Foundation's positive influence on our community. Since the opening:

- ✓ 28,500 children have attended a program or event
- ✓ 981 free programs and events have been offered
- ✓ 20,000 children have enjoyed computers in the CyberPool
- ✓ program attendance is up 49%
- ✓ book borrowing has increased 41%
- ✓ computer use has grown 75%

Your support of this Family FUNdraiser will continue to make exciting free enrichment programs possible for pre-school and school age children. You will help us develop a reading readiness toolkit for parents of children from birth-kindergarten, run after-school workshops for school-age children, continue onsite and online tutoring services, and fund year-round performances and workshops – all designed to dazzle young minds and inspire them to love reading, learning and libraries. **Thank you for your generosity and participation.**
